The Jade Stone, a green quartzite that is extracted mainly in Brazil, has been one of the most desired since ancient times. Its elegance and characteristic color have inspired us to use this stone in the collection. J'Adore transports us to wooded and luminous landscapes that are full of energy.

La piedra jade, una cuarcita de color verde que se extrae principalmente en Brasil, ha sido una de las más codiciadas desde tiempos lejanos. Su elegancia y su característica color nos ha inspirado para llevar la piedra a esta colección. J'Adore nos transporta a paisajes boscosos, luminosos y cargados de energía.
