INUK HICKORY

INUK GREY

The image displays a product catalog for ARGENTA INUK flooring. It features two lifestyle photographs at the top left: one showing a bright living room with a dark sofa and a round coffee table on a light wood floor, and another showing a living room with a white armchair and a round coffee table on a grey wood floor. To the right of these photos is a technical specifications box containing the brand name ARGENTA, the product name INUK, the classification AC44, and dimensions 120 cm length and 19 cm width. Below the specifications are three small color swatches labeled INUK NATURAL, INUK HICKORY, and INUK GREY. At the bottom of the catalog are three large vertical panels showing the flooring material in the INUK NATURAL, INUK HICKORY, and INUK GREY finishes.
